7.6 For the purpose of determining the *permit* fee, the *building official* may establish the value of the work to be authorized by a *permit*.

3963-2007-3590(2)

7.7 When a *building official* considers that the site conditions, size or complexity of a development or an aspect of it warrant an applicant for a *permit* shall provide a certification by a *registered professional* by means of letters of assurance in the form of Schedules A and or, B-1 and B-2 referred to in Division C Part 2 Section 2.2.7 of the *Building Code* that the plans submitted with the application for the *permit*, or specified aspects of those plans, substantially comply in all material respects with the *Building Code* and other applicable enactments respecting safety.

7.10 As a condition of the issuance of a *permit*, any inspection, or the acceptance of any *construction* done under a *permit*, the *building official* may require the *owner* or his or her *agent* to provide certification by a *registered professional* by means of letters of assurance in the form of Schedule A and or Schedules B-1, B-2 and C-B referred to in Division C Part 2 Section 2.2.7 of the *Building Code* that the *construction*, or an aspect of it, is in substantial compliance in all material respects with the *Building Code*.

3963-2007-3590(2)

- (b) such other information as may be required to verify that the *construction* will be, or has been, carried out in accordance with the requirements of this and any other applicable bylaw.

3963-2007-3590(2)

7.16 Where a *permit* has been issued and the *owner* or his or her *agent* has requested a final inspection, if in the opinion of the *building official* the *construction* under the *permit* has been substantially completed and any letters of assurance required in accordance with Section 7.10 or Division C Part 2 Section 2.2.7 of the *Building Code* have been submitted, he or she may permit occupancy of a *building* or part thereof for the accepted use prior to completion of the *construction*.

7.17 The *building official* may revoke a *permit* if:

- (a) there is a contravention of any condition under which that *permit* was issued;

3963-2007-3590(2)

7.18 Where an *owner* or his or her *agent* applies, in writing, for the cancellation of a *permit* issued under this Bylaw, the *permit* may be cancelled and 75% of the portion of the *permit* fee which is in excess of \$65.50, if any, may be refunded to the holder of the *permit*, provided:
