

Since 1990, Fire Busters has been working closely with residential contractors to install fire sprinkler systems. Our in-house design team works with CAD drawings to design any residential sprinkler system, accommodating every architectural and design request, from historic houses and grand mansions to Feng Shui design. And we deliver on time and on budget with a 5-year warranty.

## RESIDENTIAL FIRE SPRINKLER SYSTEMS

“ SINCE 1997 I'VE TRUSTED FIRE BUSTERS. In my business subcontractors have to be price competitive, but beyond that there has to be value in that price. With Fire Busters the value comes from a well-designed, professionally installed system within our schedule. It's a pleasure to do business with the staff and owners of FireBusters. ”

—Graham Edwards, President, Thoroughbred Properties

GLASS BULB SIDEWALL

## NO RESIDENTIAL PROJECT IS TOO LARGE OR TOO COMPLICATED

A handful of our most common heads are featured here. For a complete selection, including all available colors, please visit [www.firebusters.com](http://www.firebusters.com). Although our most popular colors include brass, chrome, black, white and off-white, custom colors are also available to match any ceiling or wall color. You can also provide us with a paint sample and have your sprinklers custom painted to match any décor.

# QUOTES

"I promise quality, price and deadlines. Keeping my word means choosing subcontractors that give me the same level of commitment. Time and again Fire Busters proves they are committed to me. They arrive and deliver on-time, the guys are easy to get along with and I never have any call back issues."

—Ron Peterson, Owner, Ronco Construction

"Fire Busters completely outfitted Denim, our 208 unit townhouse complex in Langley, with fire sprinkler systems. Even with the demands of such a large project, their workmanship and project supervision was so outstanding we gave them our "Trade Foreman Bonus Award" for the project."

—Wayne Dedio, Office Estimator,  
Adera Development Corp.

"I often construct large homes with difficult architectural features. Since 1993 Fire Busters has designed and installed sprinkler systems for many of these homes. They are always reliable, flexible and willing to help me out when I need to get back on schedule."

—Doug Noort, Owner, Noort Homes Ltd.
